

In April and May, SnoCope teams up with the Everett Animal Shelter in a fund-raising effort to help support their ongoing community efforts. SnoCope is always proud of our community outreach, and we are pleased to now include the shelter as a valued part of our community.

In our first year, we were able to collect \$636.49 in donations from members and credit union staff; in addition, we collected 496 cans of food, and an estimated \$1,500 in countless towels and blankets along with dozens of toys and numerous other items from their wish list. It is our hope to make this an annual event as the need grows every year.

Everett Animal Shelter is committed to providing care and comfort to the homeless and abused pets in our community. They do not turn any animal away. They take in stray animals, owner surrender pets and animals that have been seized by law enforcement as part of cruelty/investigation cases from 16 jurisdictions.

Often the pets that come to them have been turned away at other shelters due to space, behavior or health challenges.

EAS does not euthanize healthy or adoptable animals for space and there are no time limits. The shelter's live release rate is above 90%.

How can you help? Everett Animal Shelter is committed to providing care and comfort to the homeless and abused pets in our community. Your donations to their "Fund for the Animals" provide shelter, extraordinary and life-saving veterinary care, special-diet food, vaccines and so much more for the cats, dogs and critters in our community who have nowhere else to turn. You can give by following this [link](#).

There is an Amazon wish list for just about every critter. It makes sending needed items very easy. For dogs and cats, follow this [link](#). For small animals like rabbits or hamsters, follow this [link](#). All donations are tax-deductible to the extent allowed by law. Please consult with your tax advisor or attorney for more information on how you may benefit by making a donation. Tax ID: 91-6001248. There is always a demand for dry or canned pet food, opened bags of food (must be labeled with brand and expiration date or in original packaging), special diet foods, unopened dog and cat treats, kitten formula, new dog and cat toys, fleece blankets, towels, food dishes, leashes and collars. There are some things they CANNOT take: expired pet food, cat litter, litter boxes, scratching posts/trees/condos, pet clothing/ pillows, comforters/cushions/sheets, used toys, pet beds, wire or plastic crates or kennels or medication.
