3130 Rockefeller Ave
Everett, WA 98201

To the Fabulous Folks at SnoCope Credit Union,

Your wonderful fundraiser for Dawson Place was a fantastic way to show that you care about the health and safety of families in your community. You not only raised funds that support our free services and collected items from our wish list, but your April fundraiser introduced your customers to our organization, people who might need, or know someone who needs our help. You should be proud that your effort to raise money and awareness for Dawson Place supports the protection and healing of child abuse survivors. Thank You!

Dawson Place is a Child Advocacy Center that exists because our community believes every child abuse survivor deserves safety, justice, and healing. It is the collaboration of 3 government and 3 nonprofit organizations providing free services for child victims of sexual assault, physical abuse, and neglect. We provide services from one location, delivered by: victim advocates, nurses, therapists, social workers, detectives, prosecutors, and parent educators. At Dawson Place children feel safe, listened to, cared about, and comforted. Their service providers communicate at the child's level with compassion and competence. This child-centered approach makes kids want to return for the help they need and deserve to move past their trauma.

Your fundraiser for Dawson Place brings comfort to the children and youth who depend on our free services for their recovery. It gives hope to families who are in crisis because their son or daughter disclosed that they experienced abuse. Your effort strengthens our cause to give EVERY child abuse survivor safety, justice, and healing. We appreciate you.

My sincerest thanks,

A handwritten signature in blue ink that reads "Lori Vanderburg".
